

Wondering what the recent GRACE Website shaking and rumbling is all about?

Okay, I was just kidding about the shaking and rumbling, but we have been making some significant [changes to the GRACE website](#) lately, thanks in part to your generous donations to our [Website Rebuild fundraising campaign](#).

(Please keep 'em comin' – there's a LOT left to do!)

Most of the changes have been “under the hood,” but some have been visible and are hopefully already improving your experience on the site, especially in terms of page loading times.

In order to keep you informed about these updates in a more timely fashion, we've created a [GRACE Site Ongoing Improvements](#) forum topic where I'll be making periodic posts to share our progress. Registered members ([free](#)) can also discuss the changes there with the GRACE staff.

We're always interested in your [feedback and suggestions](#) for the GRACE site and welcome your participation.

Thanks and Cheers!
