

"This journey has been an incredible emotional roller coaster ride, but you have been through it with me from the beginning. Thank you for your support, your information, and for all you do to make this journey a little bit more tolerable. I am so very, very, grateful. May the year ahead be filled with blessings of love and peace and health for all of you who work so hard to help others!" -- GRACE Member Schohn

GRACE is a nonprofit organization that was developed to provide a critical educational supplement to the information provided by one's own medical team. GRACE provides expert-mediated educational content to educate, empower, and enable patients, families, and caregivers to consider and discuss management options with their medical team.

Please support the advancement of cancer education for patients, families, and caregivers and respond to this opportunity today.

DONATE

Education is Medicine

These words have a significant impact on the patient and caregiver community as the pandemic has continued through 2021. GRACE's mission is to empower you to be a partner in your medical care through education about treatment options, along with telemedicine and access to information continues to evolve. We are truly honored to continue providing a platform that empowers you and provides a source of reliable education.

Looking Ahead to 2022!
Expanded Video Content with More Tumor Types
Updated Lung Cancer Video Library
Weekly Podcasts
Clinical Trials Patient Education
COVID 19 Patient Education
More Spanish Language Programs
...and much more!

The Global Resource for Advancing Cancer Education (GRACE) helps thousands of people living with cancer become educated about their disease -

thanks to the generosity of people like you.

15 Years of Patient Education

With your support, GRACE has brought you the most current and emerging educational content to assist in your cancer journey navigation since 2007.

For 15 years, GRACE has engaged the world's leading oncologists to educate patients through their treatment, provided a trusted resource with our online forum and empowered patients and caregivers to navigate treatment through a pandemic.

We are able to continue to provide the most credible information both on our website and at our live events because of the continued financial support of our donors.

You are what drives us

~**YOU** are what drives our world-class faculty to continue creating educational content to help you make the best choices about your care.

~**YOU** are what inspires us to continue our mission every single day.

~**YOU** are part of our GRACE family, and we're so grateful for your continued support.

We are very proud of what we were able to accomplish this past year with your help.

GRACE doesn't hold golf tournaments or galas to support our work, rather, we depend on your support during our End of Year Appeal. **We appreciate your consideration of support again this year with whatever donation amount fits your giving goals. We rely on you to continue providing the most current and emerging treatment options for cancer patients.**

THANK YOU SO MUCH FOR YOUR SUPPORT!
